

Playing & Exploring

I use my senses to explore the world around me.

I show curiosity about objects, events & people.

I can engage in open-ended activity.

I show particular interests.

I can find out & explore.

I pretend objects are things from my experience.

I play with what I know.

I can act out experiences with other people.

I can take on a role in play.

I can initiate activities.

I can show a 'can do' attitude.

I can represent my experiences in play.

I seek challenges.

I can take a risk, engage in new experiences, & learn by trial & error.

I am willing to 'have a go'.

Engagement

Creating & Thinking Critically

I can think of ways to solve problems.

I can find new ways to do things.

I have my own ideas.

I can make links & notice patterns in my experience.

I can choose ways to do things.

I can plan, make decisions about how to approach a task, solve a problem & reach a goal.

I can check how well my activities are going.

I can test my ideas.

I can change strategy when needed.

I am developing ideas of grouping, sequences, cause & effect.

I can make predictions.

I can review how well my approach worked.

I can think of ideas.

I can make links.
